## Welcome to the slightly slower world of Pensioner Games

I became a pensioner in October 2016, while still practising as a family mediator.

Having always played sports and games, I realised how many 70 and 80 year olds were still competitively active both physically and cerebrally.

I decided to offer these exceptional pensioners a wider opportunity to display their talents and to feature in the Pensioner Games.

There will be a wider choice of sports and games to come with players demonstrating a “Still can” attitude.
